

Ideal for:
 Tour Guides
 Instructors & Trainers
 In-store Demos
 Tradeshaw Presenters
 Auctioneers

"I am an elementary music teacher and teach at two schools. The Amplivox system has helped my voice tremendously! I can speak and sing normally and raise the volume on the Amplivox when needed. I come home each night and recharge my batteries, then I'm ready the next day for school. Using this system has also helped me have better control with classroom management. Thanks for a great product!"

—Carol Hood, Saline High School

Be heard on the go—with the Belt Blaster PRO

Rechargeable Waistband PA

- Keep your audience's attention and be heard clearly as you move freely around the room or to multiple locations—inside and outside and all over your venue.
- Portable, battery-powered mini PA system you wear like a belt, leaves you hands-free and comfortable.
- Quickly adjust to changing conditions with fingertip on/off volume control.
- 5 watt portable PA delivers clear sound to audiences of up to 75 people.
- Rechargeable batteries provide up to 6 hours run time on a single charge. S207 will run on standard AA batteries if needed.

Heavy duty Neoprene Acoustic Sport Pack (included) protects the S207 from sweat and weather

Fingertip Control Center:

- On/off and volume control
- LED Battery indicator
- Screw-on microphone jack

44" adjustable belt with 12" belt extender

Also included with every S207 Belt Blaster PRO:

Headset and lapel (clip-on) mics

6 NiMH rechargeable batteries

AC Adapter/recharger

Heavy-duty nylon carrying case
