OUR 66th YEAR
ABOUT US

AmpliVox Sound Systems is one of the leading manufacturers of portable sound systems, lecterns, and multimedia workstations in the United States. Our goal is to provide top quality professional presentation equipment that sets up easily, delivers perfect performance, and stands the test of time for reliability and durability.

Businesses and organizations across the country, including hospitality, education, health care, public safety, and religious entities, choose AmpliVox as their portable audio solution. The versatility of our portable public address systems, elegant lecterns and integrated wireless sound systems provide the perfect complement to any presentation, meeting, training seminar, classroom, conference, and other indoor or outdoor event.

In recent years, AmpliVox has experienced unparalleled success with strong double-digit growth in sales. Our recent move to an expanded headquarters in Northbrook, Illinois enables us to serve our customers more efficiently than ever. Our success is a result of our commitment to innovative product development, superior engineering, exceptional service, and comprehensive knowledge of our customers’ sound system needs.

All AmpliVox products are designed with functionality and versatility in mind to meet your specific audio requirements. Customizable by style, color and logo, our sound systems will help you communicate with audiences from 10 to 10,000 people.

AmpliVox has launched dozens of new products and systems over the last few years. We invite you to tour our web site and learn more about how AmpliVox Sound Systems can help make your voice heard.

Don Roth, President and CEO, acquired AmpliVox, Perma Power in 1995. PermaPower was founded by Norm Ackerman in 1952 and introduced the AmpliVox line of portable PA systems in the 1960s. The company also introduced one of the first residential radio-controlled garage door openers, supplying Craftsman garage door openers to Sears. In the late 1970s, the company added power outlet strips, surge suppressors, power conditioners and uninterruptible power systems (UPS) for computers.

AMPLIVOX MEANS...
Manufacturing, design and distribution of portable sound systems and lecterns of unparalleled quality.

Commitment to excellence in design, testing, and quality control that has made AmpliVox an industry leader for product development and production.

A staff committed to providing our distributors the finest PA systems and presentation equipment, made of the finest quality materials.

We pride ourselves on making customer service our top priority - responding promptly and accurately to every request, using top quality technology to ensure fast and accurate order fulfillment. We value customer feedback and respond with meaningful, proactive solutions to improve every aspect of the customer service experience.

Support of many causes, events and charities, both locally and nationally. AmpliVox is especially proud to support the fight against breast cancer with its Pink Podium Promise donation initiative. AmpliVox works to strengthen and improve the communities we serve, through innovative programs that channel financial support as well as product and expertise assistance to public service organizations.

“Pink Podium Promise” Promotes Breast Cancer Awareness
All over the country, breast cancer fundraisers and educational events have featured lecterns in the signature pink color of breast cancer awareness. These podiums are made available by a cause marketing donation program from AmpliVox Sound Systems, which delivers durable all-weather lecterns free of charge to local breast cancer organizations.

The Pink Podium Promise, launched in 2010, has placed lecterns with over 200 groups, including national fundraising and research groups, American Cancer Society chapters, foundations, hospitals, and local governments.

We care about the world around us, so we have invested in products, people, and services that exemplify that. At AmpliVox, the quality of our products and the protection of our environment go hand in hand. We are committed to the use of pre and post consumer waste (recycled material) while preserving the high quality standards of our products. We also invest in the community - one of our employees, Denny Porter, is a youth football coach and foster parent who reaches out to the underprivileged in surrounding communities.

AmpliVox Sound Systems has also made a major sponsorship donation of portable sound equipment to each of the eighteen Areas of Special Olympics Illinois and supporting three Special Olympics Chapter events taking place throughout 2014. Eighteen Area Offices of Special Olympics Illinois were given equipment, for use in crowd management, awards ceremonies, and communication during a variety of events including the annual Windy City Rubber Ducky Derby, Law Enforcement Torch Run Plane Pull, and Summer Games.
AMPLIVOX ALL AROUND....

You will find an AmpliVox sound system, lectern or podium to meet the needs of just about any audience and presenter. Whether you are in a small meeting room with 10 people or in a 30,000 square foot auditorium with an audience of 10,000 people, AmpliVox Sound Systems' extensive selection of superior quality, easy to operate, reliable electronics and stylish lecterns and podiums will get your message out with rich, crystal clear sound. All lecterns also available in non-sound option as well.

“I have loved my new portable wireless sound system purchased from AmpliVox. The company has great products and the staff are really easy to work with!”

Gabriel Castillo,
Belvidere Park District

2017 WAS AN EXCITING YEAR FOR AMPLIVOX SOUND SYSTEMS.
We introduced innovative new products, and unveiled significant upgrades to many of our most popular sound systems.

We received awards for both our outstanding products and our commitment to community service. As we look forward to more accomplishments in 2018, we focus on maintaining our momentum.

NEW PRODUCTS FILL UNIQUE NEEDS
AmpliVox has expanded its sound equipment and presentation furniture options in inventive and efficient ways - here are some of the products we’re most excited about this year!

NEW PRODUCTS FILL UNIQUE NEEDS
AmpliVox has expanded its sound equipment and presentation furniture options in inventive and efficient ways - here are some of the products we’re most excited about this year!

CLASSROOM AUDIO SYSTEM PACKAGE (CSS001)
A comprehensive package of versatile sound products combining a ceiling tile four-way speaker, a seven-channel mixer/amplifier, and a universal wireless microphone to provide 360 degrees of clear sound coverage.
See p.53 for more info

RACK CABINETS (RC1201, RC2101)
Elegant rack cabinets engineered and designed with safety and security in mind. The standard rack rails allow up to 12U (RC1201) or 21U (RC2101) components to be stacked within the unit.
See p.39 for more info

COLLABORATION HUDDLE TABLE (CT4880)
A complete conference room solution with optional monitor mounts, USB and AC power receptacles, and wheelchair-accessible design. Logitech Video Cam for easy conferencing also available.
See p.37 for more info

UNIVERSAL WIRELESS MICROPHONE SYSTEM (S1697)
Better than CD sound quality from the 2.4GHz digital S1697 convertible headset/hand-held wireless mic system. Connects easily to any system with an open mic jack or line in connection.
See p.54 for more info
ADA SIT-TO-STAND LECTERN (SN3900)
A versatile lectern that combines motorized height adjustment and wheelchair access, offering a stylish yet functional approach to ADA compliance that easily accommodates the mobility-impaired as well as the standing presenter.
See p.38 for more info

AUDIO PORTABLE BUDDY (S222A)
A complete 50 watt presentation system built into a rugged, compact carrying case, with Bluetooth® and an internal dual wireless microphone system option.
See p.12 for more info

MOBILE-LITE LECTERN (SN3635/SN3640/SN3645)
A multimedia lectern with convenient front-door cabinet access and multiple shelf options for projectors, control systems, other devices.
See p.31 for more info

RACK RAIL READY COMPUTER LECTERN (SN3230M)
A multipurpose presentation lectern fully equipped with a rackmount system to support and store AV equipment.
See p.30 for more info

WIRELESS PORTABLE MEDIA PLAYER PA SYSTEM (SW725)
An excellent all-in-one PA system that puts you in command of your presentation for voice or music, playing audio files stored on any USB flash drive, SD card or streamed from a Bluetooth® enabled device.
See p.11 for more info

MITY LITE PLUS PORTABLE PA (SW320)
An award-winning ultra-portable 40 watt system offering two digital 2.4 GHz wireless microphone receivers, and a built-in Bluetooth® module for music streaming.
See p.12 for more info

DIGITAL AUDIO TRAVEL PARTNER PLUS (SW925)
Our most powerful PA for large venues now adds even more versatility with multi-user connectivity and an advanced media player including Bluetooth®. Watch professional singer Carla Bardonada’s review on YouTube.
See p.9 for more info
**AMPLIVOX PA SYSTEMS**

Public address systems play a key role when communicating with a group or hosting an event. Amplify your voice and music effortlessly throughout your venue while clearly being heard by all in attendance. For your school, business, or organization, our portable sound systems are versatile and offer a variety of multimedia options: Bluetooth devices, iPod/iPhone, MP3 Players, CD players/recorders, projectors, computers, or even musical instruments such as a guitar and bass.

Our battery powered PA systems are extremely mobile for indoor or outdoor use, giving you the freedom to take your PA system with you wherever you need to go. They are compact and lightweight in design, making traveling with them a breeze and setup a snap. Our PA systems offer a wide variety of accessibility options and are multimedia ready, with many including support for iPod/iPhone, MP3, projectors, computers, musical instruments and additional speakers, as well as wired or wireless microphones.

Amplify your speech evenly throughout the area, making it comfortable for your audience to hear every word that you are saying. Adding a sound system to classrooms or office meetings improves the learning experience. Multiple microphones allow for an interactive presentation and discussion, communicating with the audience and keeping their attention. Manage crowds and large gatherings by increasing your sound coverage on the field, in the park, or around your facilities.

"I wanted to write and tell you how much we LOVE the new Amplivox Wireless System! It does everything we need it to do and is incredibly easy to use and set up. It is a fantastic system and I can't thank you enough for your diligence in providing this system for my band.

Thank you, thank you, thank you!!"

Rich, High School Band Leader

---

**AMPLIVOX DONATES MEGAPHONES TO THE AMERICAN RED CROSS INDIANA REGION**

“We plan to use the megaphones for events”, says Duchess Adjei, Regional Communication Director at the American Red Cross – Indiana Region.

“Our region-wide team cannot thank you enough for Amplivox’s support for providing us these great tools for our use.”

“Thank you @AmpliVox for all that you do! These megaphones have been great to help ‘amplify,’ our messaging!”

---

When Rob Holder from Great American Opportunities was hosting a fundraising program featuring the Xpogo Stunt Team as their special performance, they choose AmpliVox Sound Systems to reinforce the emcee and live event.

The Xpogo Stunt Team is a collection of some of the best Pro Riders on the planet, who have come together to provide the thrill of extreme pogo in a show-based format to audiences worldwide.

During an extreme pogo school demo, the emcee relied on the SW915 Digital Audio Travel Partner with a S1297 Satellite Wireless Powered Dual Speaker for sound support, keeping the audience pumped during the performance.

Rack Mount Line Array Sound Bar Speakers

Designed for digital and visual displays found in meeting spaces, easily mount a public address speaker system to a multimedia cart or whiteboard. Crystal clear rich sound that will fill a small to mid-size conference room. Simple and easy to use. Perfect for teachers, corporate presenters and training instructors.

Three different systems in a small, elegant design. Choose between: a passive speaker, an amplified / wired microphone PA speaker, or an amplified / wired / wireless 16 channel PA design. The two amplified speakers also include: RCA audio input, 1/4” microphone jack input, 3.5mm line level input, Spring Loaded Speaker Terminal, 3.5mm Line Level, and 110VAC wall adapter.

1234 Series Rack Mount Line Array Sound Bar Speakers

One lightweight, slim, compact line array design.

Three different systems: Passive (non-powered) extension speaker, Amplified speaker with a built-in 50 Watt amplifier and a Neutrik combo microphone connector, lastly a Amplified speaker with built-in 50 Watt amplifier and a 16 channel wireless microphone kit. All can be mounted either horizontally or vertically. Wall mounting bracket and rack mount brackets included.

- Enclosure: Sealed Type / Rotational Molded
- Power Handling: 50 Watts
- Rated Impedance: 4 ohm
- Frequency Response: 400 – 12,000 Hz
- Speaker Type: 2 inch, full range, cone-type x 6
- Input Connector: 1 – Spring Loaded Speaker Terminal
- Enclosure Color: Black
- Grille: Perforated/Black
- SS1234 Includes: Amplifier
- SW1234 Includes: Amplifier and 16 Channel UHF Wireless Microphone Receiver, with a choice of either a handheld or lapel microphone.

SW805A - Wireless Multimedia Stereo Amplifier .................................................................. $554

---

**AMPLIVOX PAs ARE ESSENTIAL TO THE AUCTION CIRCUIT:**

I am an auctioneer in NC and I have used the PORTABLE BUDDY for 14 years with great success thru wind, snow and rain! My colleagues swear by the ‘old stand-by’ the Half Mile Hailer, and I love my Buddy.”

*Linda Hoke - Auctioneer*

“I have been in the auction profession Since 1963. I have been using a HALF MILE HAILER for as long as I can remember. It has been the most dependable piece of equipment I have ever owned.

I have just purchased my fourth unit. A wireless SW615A. Yes, all are still working... I would not conduct an auction without a Half-Mile Hailer.”

*Keith Pierce - Pierce Auction Service and Real Estate, Inc.*

“Lungren Auction service purchased the SW800 TITAN WIRELESS PORTABLE PA SYSTEM to replace our horn type auction speaker. The sound quality has improved significantly over the horn type speaker and with the additional speaker with get a stereo sound that many of our auction goers have commented that they can clearly hear even with lots of folks talking at the auctions. We would highly recommend this unit for your auction sound needs.”

*Webster Roth - Buterbaugh and Handlin*

The AmpliVox Mega Hailer Mobile PA System is a 50-watt, totally wireless, highly intelligible, lightweight battery powered loudspeaker system for general PA applications in areas that are not equipped with a PA. The horizontally aligned horn broadcasts crystal clear voice announcements and reinforces sound to make it louder to audiences over large wide areas. During emergencies, the battery powered design sets up quickly and allows you to broadcast emergency information even during power outages.

- Reach up to 3,000 people (5,000 with companion speaker), up to a half mile away, with our powerful 50W amp
- Heavy-duty construction for use indoors or outdoors
- Exceptional speech intelligibility
- Produces consistent tonal balance with less volume drop-off over longer distances
- Built-in carry handle and detachable shoulder strap
- Built-in USB charger for charging smartphones and tablets

Build your own custom system!
Add up to four modules.
Choose from the following:

**WIRELESS MICROPHONE**
- User selectable 16 channel wireless UHF panel mount receiver
- Frequencies 584 to 608 MHz
- Up to 300' operating range
- Choice of wireless microphones (lapel, headset, handheld)

**WIRELESS SPEAKER TRANSMITTER**
- Built-in 16 channel UHF wireless speaker transmitter for broadcasting to accessory speakers
- Up to 300' operating range

*SEE PAGE 56 FOR COMPANION SPEAKER INFORMATION*
SW664 MOBILE LINE ARRAY HAILER SYSTEM

The AmpliVox SW664 Mobile Horn Array PA System is a 50-watt, totally wireless, lightweight vertical loudspeaker system for general PA applications in areas that are not equipped with a PA system. The unique, horizontal mount, 4-horn, line array configuration maximizes sound dispersion over broad areas, producing consistent tonal balance with less volume drop-off over longer distances. Perfect for large outdoor venues such as ball fields, parks, open air arenas, and street fairs. The system can also be used indoors in loud environments such as manufacturing facilities.

- 50-Watt multimedia stereo amplifier with 16 channel UHF wireless microphone receiver (584MHz–608MHz)
- Four Tapered Horn are connected to achieve maximize volume and distance—up to 1 mile
- Horns are mounted horizontally to produce greater sound dispersion, providing coverage over a wider area
- Weatherproof heavy-duty construction
- Flexible and stable heavy duty tripod stand, adjusts from 44” to 84”
- 16-channel, handheld UHF wireless microphone
- Multiple input and output jacks and siren feature
- For Indoor or Outdoor Application
- Exceptional Speech Intelligibility
- Produces consistent tonal balance with less volume drop-off over longer distances
- Stores neatly into carry case for easy transportation

SW664 .......................................................................................................................... $1,898

OUR HAILERS ARE PERFECT FOR LARGE OUTDOOR VENUES SUCH AS BALL FIELDS, PARKS, OPEN AIR ARENAS, AND STREET FAIRS.

SW6200 RADIO HAILER SERIES

The Radio Hailer wireless PA speaker is the ideal solution where a hard-wired PA installation is simply impossible, too expensive, or temporary. The Radio Hailer allows you to use your portable 2-way radio, base station or mobile radio to deliver live voice messages directly to a PA speaker up to 1 mile away.

Multiple units can be placed throughout a facility, programmed identically, and activated simultaneously as a group. Lets you communicate information and alerts from a distance of one mile or more. Use your own 2-way radios or AmpliVox 2 Watt MURS frequency transceivers (does not require FCC licensing). Two handholds are required: one acts as the receiver, the other as the transmitter. Great “grab and go” addition to safety and training teams.

- Includes amplifier (SW805A) with horn speaker
- Transmitter and headset mic for use as a stand alone wireless PA system
- 16 Channel UHF wireless microphone receiver from 584MHz - 608MHz
- Emergency siren button: Loud 120 dB siren
- Weather resistant horn
- Battery operation 10 “D” cells or optional rechargeable Nicad battery
- Tripod mountable
- Radio holder included

SW62000 .................................................................................................................. $972
SW6210 - Radio Hailer with 2 MURS Radios ................................................................ $1,405
SW6220 - Radio Hailer Command Control Center (Two AmpliVox MURS Radios, two S1090 Compact Tripods, Horn Speaker, Universal Carrying Case) ...................................................................... $1,729
**HALF MILE HAILERS & KITS**

When you need to project clear sound up to a half mile away, use the PA system that lives up to its name: the AmpliVox Half-Mile Hailer.

The amplifier features: siren button, dual wireless microphone jacks for multiple presenters, auxiliary input for wireless devices or CD player, line out for recording, additional speaker jacks and volume and tone controls.

Half-Mile Hailer kits provide additional components such as horn speakers, 40ft. cable to connect the speakers, adjustable compact tripod that extends 28 to 49 inches or adjustable heavy duty tripod that extends 44 to 84 inches, Y adapters, and nylon carry case with luggage handle and wheels.

| SW662 | $1,898 |
SEE OUR PORTABLE PA SYSTEMS IN ACTION!

“I have been using AmpliVox portable PA systems for almost 15 years and wanted to let you know how much I appreciate the quality of your company’s products. As a master level starter for the NCAA, NAIA, and USATF, I use my Deluxe Half Mile Hailer Quad Horn kit to project my starting commands so each of the runners will be able to hear them. It also makes it much easier on my voice after a long day at a track meet.”
Larry Able, Master Level Starter for the NAIA

“Greetings from Malawi, Africa! I just wanted to let you know that the two Wireless Half Mile Hailer sound systems we purchased from you have been such a big help! We are running a month of day camps on the weekdays and combined church rallies on Sundays. Every day, we travel one to three hours to a different village. We set up a portable puppet stage at the main meeting area and one of the Half Mile Hailer systems at each place. The Half Mile Hailer system works well for us because of our need for audio inputs and the wireless capability. When we arrive at the meeting site and set up the equipment, I hook up my MP3 player and play music over the system to let the surrounding area know where we are and that something special is going on.”
Evangelist Barry Webb - Board Member, EurAsian and EuroAfrican Baptist Missions
CSS001 CLASSROOM AUDIO SYSTEM WITH WIRELESS MICROPHONE

- This complete, easy to install Sound System is the ideal sound solution for small to medium size classrooms and conference rooms.
- The 360° wide dispersion, drop-in, 4 speaker 2’ x 2’ ceiling tile style speaker is easy to install and produces clean, crisp, powerful sound from one source.
- The 7 channel mixer-amplifier provides a simple to operate source for the 2.4 GHz Digital Wireless Headset microphone.
- The MP3 player with Bluetooth® accepts both SD cards or USB thumb drives that can be easily plugged in on the front panel, to conveniently play your media.

VEHICLE PAs

Take your message on the road, projecting your voice and music from your car, truck, boat, or other vehicle. The horn PA systems securely mount to the roof of your vehicle with straps and suction cups. Quick to install and setup in four easy steps, the car PA systems are simple to use yet powerful in design.

Loudspeaker systems feature a wired or wireless microphone as well as options to project audio from your iPod, CD player, or other audio devices. Weather resistant. Be clearly heard up to a Half-Mile range nearly nine football fields away.

312/314 SERIES SOUND CRUISER VEHICLE PA

Take your message on the road with the Sound Cruiser PA System, the best in Battery Powered Car Audio PA Systems. This horn mounts to the roof of your car with straps and suction cups. DC Adapter Plugs into car cigarette lighter or attaches to any battery. Great for Parades, Fire and Rescue, EMS, & Police. Installed on cars, trucks, construction equipment, firing ranges, golf carts, camp buildings, boats & more.

- 312 series has 2 horn speakers, 314 Series has 4 horn speakers.
- 50 watt amplifier and with built-in wireless microphone receiver (SW312/SW314)
- Equip any car, truck, bus or boat for voice-casting in minutes
- Twin horn speaker assembly easily mounts with suction cups and tie-down straps
- Plug into your car’s accessory outlet, direct-wire the unit to your 12-volt car battery or use 10 D-cell alkaline batteries for up to 200 hours
- Universal 2 horn speaker module mounts to any vehicle and easily adjusts at 45° increments for front side / rear projection
- Emergency Siren Button
- DC car adapter and cables included

SW312 - Wireless Sound Cruiser ..................................................................................... $1,226
S314 - Quad Sound Cruiser ........................................................................................... $1,230
SW314 - Wireless Quad Sound Cruiser ........................................................................... $1,518

6yr Limited Warranty
HORN SPEAKERS

Made of durable, weatherproof ABS plastic that will not corrode outdoors and can withstand the outside elements better than the cone type speaker, making the horn speaker popular for outdoor PA use. They are far more efficient, you receive more sound volume at a lower wattage, which also reduces both the size and power requirements of your amplifier.

Horn speakers can be best described as “bright” in their sound. The higher frequencies are reproduced very clearly with virtually no bass. The limited frequency response is one reason they are so efficient, they don’t waste energy reproducing bass frequencies. The speakers can also project farther without getting “muddy”. The end result is better intelligibility at longer distances.

S1210A TWIN-HORN CAR-TOP SPEAKER
Speaker Assembly mounts on top of car, crane, golf cart or any type of vehicle. Mounts with suction cups and straps for either permanent or temporary attachment.
Great for construction sites, campgrounds, police, fire and rescue personnel, and public demonstrations. Includes 12’ Cord.
S1210A.................................................. $502

S1214 QUAD-HORN CAR-TOP SPEAKER
Four horns with car-top mounting assembly. Universal 4 horn speaker module mounts to any vehicle, truck, or boat and easily adjusts for front - side - rear projection.

AMPLICOX MULTIMEDIA PRESENTATION FURNITURE

Multimedia lecterns/podiums will greatly aid your presentation needs by keeping all of your technology and presentation tools organized and available at your finger tips. They provide you with a working platform to do a complete computer based presentation, with space to store a CPU, laptop, projector, and even a sound system. Executive and contemporary presentation lecterns support the integration of multimedia and audio visual equipment for classrooms, conferences and auditoriums.

Multimedia lecterns/podiums are ideal for anyone who uses audio visual equipment with their presentations and speeches on a regular basis. They make all your presentation equipment easily accessible and organized, as well as giving you a secure location to store your equipment. Our multimedia lecterns have four casters that provide easy maneuverability, and two of these casters lock in place for secure positioning during use.

AmpliVox not only makes great sound systems, we also put you in command of a multitude of presentation options, shapes, sizes and finishes. Visit our web site or contact us today to discuss your custom order!

We offer a wide variety of multimedia lecterns for all your presentation needs!

We also offer a wide variety of customization options, including:

- Dual Incandescent Lamp
- External Pullout Shelf
- Fixed Keyboard Shelf
- Recessed Viewport Monitor Window
- Rack Rails for Component Installation
- Cooling Fan with Grill
- Clock Timer Panel
- Configure To Your Equipment

Rack rails - standard 10u, 12u, and 20u sizes
AMPLIVOX OFFERS SOME EXCELLENT SOLUTIONS FOR YOUR SCHOOL SOUND NEEDS!

AmpliVox’s large array of lecterns and portable sound systems provide clear, reliable communication in all types of school environments from daily school operations to emergencies, traffic control, assemblies, athletic events, to any other activity involving large groups.

LECTERNS • PORTABLE PAs • ADA ACCESSIBLE • TABLES & DESKS • MULTIMEDIA LECTERNS • SPEAKERS • MEDIA CARTS • MICROPHONES

CUSTOMIZE ANY LECTERN With Your Logo! (Additional charges apply)

We will work with you to build the perfect customized Multimedia Lectern Solution!

NEW!
Also makes a great Sit-to-Stand Desk!
SN3405 **PNEUMATIC HEIGHT ADJUSTABLE SIT-TO-STAND - LECTERN / DESK**

*Easy Height Adjustment with the Touch of Your Foot*

- The new AmpliVox non-electric, single post, contemporary design Lectern/Desk has the ability to move up and down from sitting to standing position easily, with just the press of your foot.
- The sculpted work surface with rounded corners moves smoothly and quietly from seated (28”) to full standing height (42.5”). This allows the user to transition from use as a sitting desk to use as a standing desk or lectern.
- Either sitting or standing for long periods can lead to various health problems – with our sit-to-stand desk allows you to alternate throughout the day.
- Large work surface provides more then ample space for laptops, notebooks and other materials.
- Tilt the work surface into 4 different positions using its locking, single adjustment lever.
- Easily move from room to room with our “Tilt and Roll” casters.
- Steel and Aluminum base; Tabletop is MDF, white melamine surface with rubber trim Powder Coated finish.
- 45”H x 24”W x 24”D, Some assembly required.

AmpliVox offers a plethora of custom logo options on our Lecterns/Podiums

Why not reinforce your brand every time someone presents? Put your logo on a stylish AmpliVox lectern and your image will stand above the rest.

We live in a time when strong branding is pivotal to an organization’s public awareness and overall success. With this in mind, AmpliVox is happy to offer custom logos in conjunction with our different lines of lecterns/podiums.

AmpliVox provides a variety of engraving and durable mounting options including vinyl, PVC, acrylic, bronze, brass and aluminum. You can also decide upon different finishes like gloss, semi-gloss and matte, as well as different background textures that will personalize your lectern and ensure it complements your event setting or place of use.

As you can see in the examples here, a custom logo brings immediate originality to your lectern, and serves as a subtle, but lasting symbol of your brand that will stay with audiences long after your event.

We also offer a variety of NEW lighting options for your lectern!

WIRELESS MICS AND MIC KITS

A wireless microphone system is essentially a microphone radio transmitter and a receiver. Transmitters can be built into handheld microphones or in a body pack transmitter to be used with lapel or headset microphone. Receivers accept signals from the transmitter and are plugged into any mixing console, amplifier, or other device such as a PC/computer or camcorder with a line level input.

At AmpliVox Sound Systems, we are proud that our products meet the highest standards of quality. Our commitment to durability, reliability, versatility, and aesthetic appeal has established AmpliVox as a leader in the sound equipment and presentation furniture industry.

To ensure those standards, we keep the development and manufacturing process close to home. AmpliVox maintains its own design, engineering, technology, manufacturing, and woodshop teams, all based in Northbrook, Illinois, and we strictly control the creation of every AmpliVox product from beginning to end.

In our search for the highest quality and best value, AmpliVox may source some component elements from off-shore sources. We only select vendors who share our commitment to excellence, and all imported materials are subject to rigorous testing by our in-house experts. In the interests of full transparency, products that contain non-US materials are clearly identified in our sales materials.

We firmly believe that AmpliVox’s products, predominantly made in the USA, set the bar for quality and innovation in our industry. Keeping our manufacturing process close to home has ensured the character of our products, created American jobs, and inspired our employees’ pride in the results of their work. Our committed team of designers, engineers, technicians, and customer service representatives stand behind every AmpliVox product to ensure your complete satisfaction.

AmpliVox® Sound Systems manufactures a wide selection of superior quality audio presentation products. Our public address sound systems are recognized for reliability and performance backed up by an up to 6 year warranty. Our contemporary multimedia lecterns and podiums, using durable acrylics, laminates, veneers and solid hardwoods, are environmentally compliant.

PRESERVING THE WORLD’S NATURAL RESOURCES

AmpliVox is committed to preserving the world’s natural resources. We all know that natural resources are limited and fragile. Environmental protection is everyone’s responsibility at AmpliVox. This policy addresses operations which can positively impact the environment.

AMPLIVOX PLEDGES TO

- Use “Forest Friendly” products. Our Lecterns and Podiums are produced using recovered and recycled post-industrial wood residues. This solid chain-of-custody wood fiber supply practices have helped AmpliVox to secure the Forest Stewardship Council (FSC) Mixed Sources accreditation (SW-COC-003089).

- Reduce the waste arising from electrical and electronic equipment and to improve the environmental performance of all items involved in the life cycle of these products. We comply with the WEEE Directive (2002/96/EC).

- Continually improve environmental management policies, programs and performance, based on the results of our periodic reviews and taking into account regularity developments, customer needs, technical developments, scientific understanding and community expectations.

- Reduce and eliminate waste through recycling and disposal of waste through safer and responsible methods.

- Promote employee awareness of of environmental concerns, actions and responsibilities.

ALL AMPLIVOX PRODUCTS THAT ARE ECO-FRIENDLY ARE IDENTIFIED BY:

Made with Recycled Plastic

AMPLIVOX: A COMMITMENT TO “MADE IN AMERICA” QUALITY

AmpliVox Sound Systems is a manufacturer, designer and distributor of portable sound systems and lecterns. Our commitment to excellence in design, testing, and quality control has made AmpliVox an industry leader for product development and production. Our employees are committed to providing the finest PA systems and presentation equipment that can be produced, from the finest materials available. Our dealers and distributors are rewarded with customer service that is knowledgeable, supportive and dedicated to their success.

AmpliVox also values the privileges and responsibilities of citizenship, both locally and globally. We work to strengthen our communities by supporting many causes, events and charities. AmpliVox is especially proud to support the fight against breast cancer with its innovative Pink Podium Promise donation program.

CUSTOMER SERVICE: AmpliVox considers customer service its top priority. We pride ourselves on responding promptly and accurately to every request, using top quality technology to ensure perfect order fulfillment. We value customer feedback and respond with meaningful, proactive solutions to improve every aspect of the customer service experience.

SUPPLIER RELATIONSHIPS: AmpliVox recognizes the value of high ethical standards in all interactions connected to our business. In working with suppliers on a global level, we support work environments that respect the dignity and inherent human rights of the individual. We are dedicated to business practices that deliver fair compensation for products and services and respect all intellectual property rights.

EMPLOYMENT POLICIES: AmpliVox values the contribution of each member of its team. Employees of AmpliVox are provided equal opportunity and treatment in matters of hiring, continued employment, advancement, and compensation without regard to issues of race, color, gender, ethnicity, or religious belief. Open communication and partnership with our team members makes AmpliVox a better company for its workers, management, and customers.

ENVIRONMENTAL STEWARDSHIP: In pursuit of new products and methods that protect the environment while supporting a healthy bottom line, AmpliVox Sound Systems’ products comply with approved standards to minimize the environmental impact of manufactured products and promote the use of recycled materials. AmpliVox also specifies Green Cross-certified particle board and recycled post-industrial wood residues in the manufacture of its products, and uses recycled packaging materials and biodegradable packing peanuts to dramatically reduce toxic landfill waste.

COMMITMENT TO COMMUNITY: AmpliVox works to strengthen and improve the communities we serve, through innovative programs that channel financial support as well as product and expertise assistance to public service organizations. AmpliVox created the “Pink Podium Promise” cause marketing initiative to provide breast cancer awareness groups with distinctive, versatile pink Pinnacle lecterns. Since 2009, the program has delivered hundreds of free lecterns to breast cancer events around the country, and has been expanded to include donations of Pink Power Megaphones and Blue Podiums for Prostate Health. AmpliVox has also actively supported local community organizations including the North Suburban YMCA, in the firm belief that a strong community enhances both our personal and business lives in the short and long term.
