ABOUT US

AmpliVox Sound Systems is one of the leading manufacturers of portable sound systems, lecterns, and multimedia workstations in the United States. Our goal is to provide top quality professional presentation equipment that sets up easily, delivers perfect performance, and stands the test of time for reliability and durability.

Businesses and organizations across the country, including hospitality, education, health care, public safety, and religious organizations, choose AmpliVox as their portable audio solution. The versatility of our portable public address systems, elegant lecterns and integrated wireless sound systems provide the perfect complement to any presentation, meeting, training seminar, classroom, conference, and other indoor or outdoor events.

In recent years, AmpliVox has experienced unparalleled success with strong double-digit growth in sales. Our recent move to an expanded headquarters in Northbrook, Illinois enables us to serve our customers more efficiently than ever. Our success is a result of our commitment to innovative product development, superior engineering, exceptional service, and comprehensive knowledge of our customers’ sound system needs.

All AmpliVox products are designed with functionality and versatility in mind to meet your specific audio requirements. Customizable by style, color and logo, our sound systems will help you communicate with audiences from 10 to 10,000 people.

AmpliVox has launched dozens of new products and systems over the last few years. We invite you to tour our web site and learn more about how AmpliVox Sound Systems can help make your voice heard.

Don Roth, President and CEO, acquired AmpliVox, Perma Power in 1995. Perma Power was founded by Norm Ackerman in 1952 and introduced the AmpliVox line of portable PA systems in the 1960s. The company also introduced one of the first residential radio-controlled garage door openers, supplying Craftsman garage door openers to Sears. In the late 1970s, the company added power outlet strips, surge suppressors, power conditioners and uninterruptible power systems (UPS) for computers.

AMPLIVOX MEANS...

AmpliVox Sound Systems is one of the leading manufacturers of portable sound systems, lecterns, and multimedia workstations in the United States. Our goal is to provide top quality professional presentation equipment that sets up easily, delivers perfect performance, and stands the test of time for reliability and durability.

Businesses and organizations across the country, including hospitality, education, health care, public safety, and religious entities, choose AmpliVox as their portable audio solution. The versatility of our portable public address systems, elegant lecterns and integrated wireless sound systems provide the perfect complement to any presentation, meeting, training seminar, classroom, conference, and other indoor or outdoor event.

All AmpliVox products are designed with functionality and versatility in mind to meet your specific audio requirements. Customizable by style, color and logo, our sound systems will help you communicate with audiences from 10 to 10,000 people.

AmpliVox Sound Systems is a leading U.S. manufacturer of portable sound systems, lecterns, and multimedia workstations. Our goal is to provide top quality professional presentation equipment that sets up easily, delivers perfect performance, and stands the test of time for reliability and durability.

Businesses and organizations across the country choose AmpliVox as their portable audio and presentation solution, including all these industries:

- Hospitality
- Public and Private Education
- K12
- Colleges & Universities
- Healthcare
- Government / Public Sector
- Public Safety
- Music & Entertainment
- Corporate
- Houses Of Worship

The versatility of our portable public address systems, elegant lecterns and integrated wireless sound systems provide the perfect complement to any presentation, meeting, training seminar, classroom, conference, and other indoor or outdoor event, to help you clearly reach audiences from 10 to 10,000.

AmpliVox’s strong sales growth and high customer satisfaction go hand-in-hand. Our total approach to quality starts with our rigorous manufacturing process and our consistently high standards for design, production, and testing. Our aggressive new product development accommodates changing technology, such as Bluetooth connectivity and the integration of audiovisual control systems into multimedia furniture, as well as customer requests for variations in style and color and personalized logos.

Our experienced representatives are always happy to assist customers in finding the right products, and, we offer quick response to any after-sales trouble-shooting or support.

“Pink Podium Promise” Promotes Breast Cancer Awareness

All over the country, breast cancer fundraisers and educational events have featured lecterns in the signature pink color of breast cancer awareness. These podiums are made available by a cause marketing donation program from AmpliVox Sound Systems, which delivers durable all-weather lecterns free of charge to local breast cancer organizations.

The Pink Podium Promise, launched in 2010, has placed lecterns with over 200 groups, including national fundraising and research groups, American Cancer Society chapters, foundations, hospitals, and local governments.
AMPLIVOX ALL AROUND....

You will find an AmpliVox sound system, lectern or podium to meet the needs of just about any audience and presenter. Whether you are in a small meeting room with 10 people or in a 30,000 square foot auditorium with an audience of 10,000 people, AmpliVox Sound Systems’ extensive selection of superior quality, easy to operate, reliable electronics and stylish lecterns and podiums will get your message out with rich, crystal clear sound. All lecterns also available in non-sound option as well.

“I have loved my new portable wireless sound system purchased from AmpliVox. The company has great products and the staff are really easy to work with!”
Gabriel Castillo, Belvidere Park District

“We have been nothing but pleased with the results!

Ben Sowle - RW Troxell

2018 WAS AN EXCITING YEAR FOR AMPLIVOX SOUND SYSTEMS.
We introduced innovative new products, and unveiled significant upgrades to many of our most popular sound systems.

We received awards for both our outstanding products and our commitment to community service. As we look forward to more accomplishments in 2019, we focus on maintaining our momentum.

NEW PRODUCTS FILL UNIQUE NEEDS
AmpliVox has expanded its sound equipment and presentation furniture options in inventive and efficient ways - here are some of the products we’re most excited about this year!

**DUAL AUDIO PAL (SW245B)**
AmpliVox’s ultra-portable SW245B Dual Audio Pal provides 50W of amplification from two wireless microphones at the same time, covering audiences up to 300 people for spoken presentations, music streamed via Bluetooth®, and more.

Weighing just six pounds and running on a rechargeable battery, the Dual Audio Pal can be easily carried to classrooms, school yards, group tours, meetings, and other settings.

See p.39 for more info

**DIGITAL BELT BLASTER (S208)**
The new S208 2.4 GHz Digital BeltBlaster combines a wireless headset microphone with a compact beltpack speaker, delivering crisp, clear speech amplification for teachers, coaches, tour guides, product demonstrators, and other presenters.

It also provides vocal support for individuals with Parkinson’s Disease and other disorders affecting speech.

See p.39 for more info

**KARAOKE PARTY PRO (SK765)**
The versatile, portable Karaoke Party Pro System delivers crystal clear sound for over 300 pre-loaded songs, with added connectivity to Bluetooth® devices or karaoke DVD/CDG sources for an unlimited selection of performance options.

Great for personal use or for restaurants, schools, clubs, and other venues!

See p.39 for more info

**TRADITIONAL RTA ACRYLIC LECTERN (SN3075)**
The SN3075 Traditional RTA Acrylic Lectern combines the universal appeal of acrylic with a bonus of portability: unlike most acrylic lecterns, it can be easily disassembled for transportation and reassembled with just a few screws.

Available in a range of colored tints and a clear, frosted, or smoked finish, this innovative lectern is easy to transport and set up at trade shows, event venues, churches, meeting rooms, and other venues.

See p.39 for more info
**ADA SIT-TO-STAND LECTERN (SN3900)**
A versatile lectern that combines motorized height adjustment and wheelchair access, offering a stylish yet functional approach to ADA compliance that easily accommodates the mobility-impaired as well as the standing presenter.  
*See p.38 for more info*

**MITY LITE PLUS PORTABLE PA (SW320)**
An award-winning ultra-portable 40 watt system offering two digital 2.4 GHz wireless microphone receivers, and a built-in Bluetooth® module for music streaming.  
*See p.12 for more info*

**COLLABORATION HUDDLE TABLE (CT4880)**
A complete conference room solution with optional monitor mounts, USB and AC power receptacles, and wheelchair-accessible design. Logitech Video Cam for easy conferencing also available.  
*See p.37 for more info*

**RACK RAIL READY COMPUTER LECTERN (SN3230M)**
A multipurpose presentation lectern fully equipped with a rackmount system to support and store AV equipment.  
*See p.30 for more info*

**UNIVERSAL WIRELESS MICROPHONE SYSTEM (S1697)**
Better than CD sound quality from the 2.4GHz digital S1697 convertible headset/hand-held wireless mic system. Connects easily to any system with an open mic jack or line in connection.  
*See p.54 for more info*

**2.4 GHz**
Use with any amp, any time!

**7 CHANNEL MIXER/AMPLIFIER WITH BLUETOOTH® (CSS0124)**
A comprehensive pairing of The AmpliVox CSS0124, a simple to operate and reliable 6-input solution with a built in Bluetooth media player, used with several wireless mic options including the S1697 shown above, for excellent sound projection in small to medium size rooms in education, business and commercial applications.  
*See p.22 for more info*
AMPLIVOX PA SYSTEMS

Public address systems play a key role when communicating with a group or hosting an event. Amplify your voice and music effortlessly throughout your venue while clearly being heard by all in attendance. For your school, business, or organization, our portable sound systems are versatile and offer a variety of multimedia options: Bluetooth devices, iPod/iPhone, MP3 Players, CD players/ recorders, projectors, computers, or even musical instruments such as a guitar and bass.

FOR THE 6TH YEAR IN A ROW, AmpliVox provided the B9254 Platinum Digital Audio Travel Partner Plus Package for the Northbrook Chamber of Commerce 2018 Annual Golf Outing & Dinner at Sportsman’s Country Club.

The AmpliVox Digital Audio Travel Partner Plus is a PA system you can take anywhere indoors or out to reach up to 7500 people with crystal clear voice or music.

AMPLIVOX DONATES MEGAPHONES TO THE AMERICAN RED CROSS INDIANA REGION

“We plan to use the megaphones for events”, says Duchess Adjei, Regional Communication Director at the American Red Cross – Indiana Region.

“Our regional team cannot thank you enough for AmpliVox’s support for providing us these great tools for our use.”

“Thank you AmpliVox for all that you do! These megaphones have been great to help “amplify,” our messaging!”

ENGLWOOD FIRE DEPT CELEBRATES PASSAGE OF THE FIREFIGHTER CANCER REGISTRY ACT WITH A CUSTOM LECTERN

U.S. Senator Bob Menendez joined by firefighters from across New Jersey to celebrate passage of the Firefighter Cancer Registry Act, during the news conference at Englewood Fire Dept. HQ in Englewood.

The news conference was held with speakers standing behind a custom made Pinnacle Multimedia Lectern built specifically for the Englewood Fire Department personalized with their logo.

The AmpliVox Pinnacle Multimedia Lectern helps you look great, indoors or out, and is available with built in wireless PA with 150 amp (SW3250), connection to house PA (ST3250), or lectern only (SN3250).

S206/207 BELT BLASTER SERIES

Save your voice with the Belt Blaster personal sound system, the small PA system you can wear indoors or outdoors. Perfect for tour guides, medical voice reinforcement or any small audience.

- 5 watt portable battery powered mini PA system you wear like a belt
- Includes headset and lapel (clip-on) microphone
- Adjustable volume control
- Heavy duty nylon carrying case (S207)
- 44" adjustable waistband belt, with 12" extender
- Uses 6 AA alkaline batteries (not included), rechargeable batteries included (S207)
- 3"H x 7"W x 2.25"D, weighs only 2lbs.

S206 - Belt Blaster ................................................................. $191
S207 - Belt Blaster Pro ........................................................... $243

S208 2.4 GHZ DIGITAL BELT BLASTER

Our NEW 2.4 GHz Digital Belt Blaster is truly a unique compact PA that combines flexibility with functionality, without compromising sound quality. A powerful little unit designed for tour guides, school teachers, or individuals with voice impairments. When portable voice reinforcement is needed, this is the system you want.

The high power speaker amplifier fits into a wearable waistband carrying case. Included is a Lightweight 2.4 GHz Wireless Microphone Headset that gives you handsfree communication, with no cords or wires. A wired microphone can also be used in conjunction with the wireless headset, when plugged into the microphone input.

- Small, compact speaker fits inside the included belt carrying case, which adjusts from 30 - 56"
- Built-in Mini SD/USB/Aux Ports allow you to play music, recorded presentations or other media directly from unit
- Includes hands-free 2.4 GHz Wireless Microphone Headset Transmitter with mini USB charging cord
- Both the speaker amplifier and the microphone headset have built-in rechargeable batteries
- USB / AC charging cords and AC adapter are included
- Adjustable waistband carry case protects your Belt Blaster, while providing maximum portability

S208 - 2.4 GHz Digital Belt Blaster ........................................... $287

“We’ve tried others and now - with over 30 Belt Blasters being used by our staff - it’s the only small group amplifier that we trust... we can now accommodate larger groups on our walking tours and everyone can hear us.”
David Schargel, Portland Walking Tours, Oregon

NEW!

- 4" H x 9"W x 9" D. Weighs 3lbs. without batteries

S805A - Multimedia Stereo Amplifier .............................................. $430
SW805A - Wireless Multimedia Stereo Amplifier ................................. $571
“I have been using AmpliVox portable PA systems for almost 15 years and wanted to let you know how much I appreciate the quality of your company’s products. As a master level starter for the NCAA, NAIA, and USATF, I use my Deluxe Half Mile Hailer Quad Horn kit to project my starting commands so each of the runners will be able to hear them. It also makes it much easier on my voice after a long day at a track meet.”

Larry Able, Master Level Starter for the NAIA
MEGA HAILER & AIRVOX

Wireless, Battery Powered, Indoor and Outdoor Portable PA Systems

The AmpliVox Mega Hailer Mobile PA System is a 50-watt, totally wireless, highly intelligible, lightweight battery powered loudspeaker system for general PA applications in areas that are not equipped with a PA. The horizontally aligned horn broadcasts crystal clear voice announcements and reinforces sound to make it louder to audiences over large wide areas. During emergencies, the battery powered design sets up quickly and allows you to broadcast emergency information even during power outages.

- Reach up to 3,000 people (5,000 with companion speaker), up to a half mile away, with our powerful 50W amp
- Heavy-duty construction for use indoors or outdoors
- Exceptional speech intelligibility
- Produces consistent tonal balance with less volume drop-off over longer distances
- Built-in carry handle and detachable shoulder strap
- Built-in USB charger for charging smartphones and tablets

Build your own custom system!

Add up to four modules. Choose from the following:

WIRELESS MICROPHONE
- User selectable 16 channel wireless UHF panel mount receiver
- Frequencies 584 to 608 MHz
- Up to 300' operating range
- Choice of wireless microphones (lapel, headset, handheld)

WIRELESS SPEAKER TRANSMITTER
- Built-in 16 channel UHF wireless speaker transmitter for broadcasting to accessory speakers
- Up to 300' operating range

SW664 MOBILE LINE ARRAY HAILER SYSTEM

The AmpliVox SW664 Mobile Horn Array PA System is a 50-watt, totally wireless, lightweight vertical loudspeaker system for general PA applications in areas that are not equipped with a PA system. The unique, horizontal mount, 4-horn, line array configuration maximizes sound dispersion over broad areas. The system can also be used indoors in loud environments such as manufacturing facilities.

- 50-Watt multimedia stereo amplifier with 16 channel UHF wireless microphone receiver (584MHz–608MHz)
- Four Tapered Horn are connected to achieve maximize volume and distance— up to 1 mile
- Horns are mounted horizontally to produce greater sound dispersion, providing coverage over a wider area
- Flexible and stable heavy duty tripod stand, adjusts from 44” to 84”
- 16-channel, handheld UHF wireless microphone
- Multiple input and output jacks and siren feature
- Exceptional Speech Intelligibility
- Produces consistent tonal balance with less volume drop-off over longer distances
- Stores neatly into carry case for easy transportation

SW664 .......................................................................................................................... $1,995

SW6200 RADIO HAILER SERIES

The Radio Hailer wireless PA speaker is the ideal solution where a hard-wired PA installation is simply impossible, too expensive, or temporary. The Radio Hailer allows you to use your portable 2-way radio, base station or mobile radio to deliver live voice messages directly to a PA speaker up to 1 mile away.

- Includes amplifier (SW805A) with horn speaker
- Transmitter and headset mic for use as a stand alone wireless PA system
- 16 Channel UHF wireless microphone receiver from 584MHz - 608MHz
- Emergency siren button: Loud 120 dB siren
- Weather resistant horn
- Battery operation 10 “D” cells or optional rechargeable NiCad battery
- Tripod mountable
- Radio holder included

“Your model seemed to fit the bill of being much more ‘commercial industrial’ which in the end is what made the decision. We have been nothing but pleased with the results!”

Megaphones & Bullhorns
HORN SPEAKERS

Made of durable, weatherproof ABS plastic that will not corrode outdoors and can withstand the outside elements better than the cone type speaker, making the horn speaker popular for outdoor PA use. They are far more efficient, you receive more sound volume at a lower wattage, which also reduces both the size and power requirements of your amplifier.

Horn speakers can be best described as “bright” in their sound. The higher frequencies are reproduced very clearly with virtually no bass. The limited frequency response is one reason they are so efficient, they don’t waste energy reproducing bass frequencies. The speakers can also project farther without getting “muddy”. The end result is better intelligibility at longer distances.

S1210A TWIN-HORN CAR-TOP SPEAKER
Speaker Assembly mounts on top of car, crane, golf cart or any type of vehicle. Mounts with suction cups and straps for either permanent or temporary attachment.
Great for construction sites, campgrounds, police, fire and rescue personnel, and public demonstrations. Includes 12’ Cord.

CS0124 - 7 CHANNEL MIXER / AMPLIFIER WITH BLUETOOTH®

The AmpliVox CS0124 Mixer / Amplifier with Bluetooth® is designed to work with both low (4, 8 or 16 ohms) and high (70 V or 100 V) impedance speaker systems.

A simple to operate and reliable 6-input solution with a built in Bluetooth media player for installation in small to medium size rooms in education, business and commercial applications.

The on-board plug-in play MP3 player accepts SD cards and USB thumb drives that can be plugged in on the front panel. The unit includes RCA inputs and RCA line level outputs, a telephone input with VOX priority and a MOH (Music on Hold) output, as well as an XLR input with phantom power. The IR remote for MP3, FM Radio and Bluetooth provides freedom and flexibility allowing full control, even from across the room.

This compact public address amplifier also supports playback from Bluetooth-enabled devices such as PCs, iPads, tablets or mobile phones, enabling anyone to walk-in and link up with their Bluetooth Wireless Connection to instantly play music or any sound source file.

AMPLIVOX MULTIMEDIA PRESENTATION FURNITURE

Multimedia lecterns/podiums will greatly aid your presentation needs by keeping all of your technology and presentation tools organized and available at your finger tips. They provide you with a working platform to do a complete computer based presentation, with space to store a CPU, laptop, projector, and even a sound system. Executive and contemporary presentation lecterns support the integration of multimedia and audio visual equipment for classrooms, conferences and auditoriums.

Multimedia lecterns/podiums are ideal for anyone who uses audio visual equipment with their presentations and speeches on a regular basis. They make all your presentation equipment easily accessible and organized, as well as giving you a secure location to store your equipment. Our multimedia lecterns have four casters that provide easy maneuverability, and two of these casters lock in place for secure positioning during use.

AmpliVox not only makes great sound systems, we also put you in command of a multitude of presentation options, shapes, sizes and finishes. Visit our web site or contact us today to discuss your custom order!

We offer a wide variety of multimedia lecterns for all your presentation needs!

We also offer a wide variety of customization options, including:

- Dual Incandescent Lamp
- External Pullout Shelf
- Fixed Keyboard Shelf
- Recessed Viewport Monitor Window
- Rack Rails for Component Installation
- Cooling Fan with Grill
- Clock Timer Panel
- Configure To Your Equipment

Rack rails - standard 10u, 12u, and 20u sizes
AMPLICOX OFFERS SOME EXCELLENT SOLUTIONS FOR YOUR SCHOOL SOUND NEEDS!

AmpliVox's large array of lecterns and portable sound systems provide clear, reliable communication in all types of school environments from daily school operations to emergencies, traffic control, assemblies, athletic events, to any other activity involving large groups.

LECTERNS • PORTABLE PAs • ADA ACCESSIBLE • TABLES & DESKS • MULTIMEDIA LECTERNS • SPEAKERS • MEDIA CARTS • MICROPHONES

SN3910 CONTEMPORARY ADA LECTERN

A compact yet versatile ADA Compliant Lectern

- Adjusts from an ADA compliant sitting height of 28 inches up to a maximum standing height of 48 inches
- Wheelchair bound presenters will appreciate the wide access area which allows for easy entry and exit
- The range of height adjustment also makes this an ideal "sit-to-stand" desk, suitable for all heights
- Silent lift mechanism with push button activation allows for fast and easy 20 inches of height adjustment and powered by a rechargeable battery pack

Also makes a great Sit-to-Stand Desk!

SN3405 PNEUMATIC HEIGHT ADJUSTABLE SIT-TO-STAND - LECTERN / DESK

Easy Height Adjustment with the Touch of Your Foot

- The new AmpliVox non-electric, single post, contemporary design Lectern/Desk has the ability to move up and down from sitting to standing position easily, with just the press of your foot.
- The sculpted work surface with rounded corners moves smoothly and quietly from seated (28") to full standing height (42.5"). This allows the user to transition from use as a sitting desk to use as a standing desk or lectern.
- Either sitting or standing for long periods can lead to various health problems - with our sit-to-stand desk allows you to alternate throughout the day.
- Large work surface provides more than ample space for laptops, notebooks and other materials.
- Tilt the work surface into 4 different positions using its locking, single adjustment lever.
- Easily move from room to room with our “Tilt and Roll” casters.
- Steel and Aluminum base; Tabletop is MDF, white melamine surface with rubber trim. Powder coated finish.
- 45”H x 24”W x 24”D, Some assembly required.

NEW!

SN3410/15/20/25 ADJUSTABLE HEIGHT SIT-TO-STAND LECTERN / DESK

Switch from sitting to standing with just one hand!

Created for versatility in classrooms and corporate offices, the height adjustable Sit-to-Stand Lectern/Desk easily adjusts from 28" - 42". The spring assisted height adjustment lever easily allows the user to adjust desk height smoothly with just one hand.

- The future of workspaces is personalized flexibility. Our Sit-to-Stand lectern/desk adapts to their varying needs and teaching style quickly, and with little effort. Students too, can change the heights of their desks as needed, for increased focus and health benefits.
- The easy to adjust Sit-to-Stand Lectern/Desk can contribute to long lasting health benefits like burning more daily calories, boosting productivity, improving posture and reducing risk of heart problems.
- Perfect for desktop, laptop or tablet computing. Mobile and adjustable to meet a variety of everyday needs.
- Silver powder coated aluminum base with High pressure laminate tabletop in Maple.
- 28” - 42” H x 32” W x 20” D, Ships fully assembled.

AMPLICOX OFFERS A PLETHORA OF CUSTOM LOGO OPTIONS FOR YOU LECTERNS AND PODIUMS

Why not reinforce your brand every time someone presents? Put your logo on a stylish AmpliVox lectern and your image will stand above the rest.

We live in a time when strong branding is pivotal to an organization’s public awareness and overall success. With this in mind, AmpliVox is happy to offer custom logos in conjunction with our different lines of lecterns/podiums.

As you can see in the examples here, a custom logo brings immediate originality to your lectern, and serves as a subtle, but lasting symbol of your brand that will stay with audiences long after your event.

ADDITIONAL FEATURES:

- Audiences up to 1,300, Rooms up to 13,000 square feet
- 150 watt amp
- Built-in 16 CH UHF Wireless Microphone Receiver (584MHz - 608MHz)
- The Sensitive AmpliVox Electret Condenser Gooseneck Hot Mic picks up your voice from up to 20” away
- AmpliVox speaker technology delivers clear, high-performance and sound to your audience with built-in Jensen design speakers
- Built-in **Bluetooth** allows you to wirelessly stream sound from any Bluetooth-capable device within range

WIRELESS MICS AND MIC KITS

A wireless microphone system is essentially a microphone radio transmitter and a receiver. Transmitters can be built into handheld microphones or in a body pack transmitter to be used with lapel or headset microphone. Receivers accept signals from the transmitter and are plugged into any mixing console, amplifier, or other device such as a PC/computer or camcorder with a line level input.

AmpliVox is committed to preserving the world’s natural resources. We all know that natural resources are limited and fragile. Environmental protection is everyone’s responsibility at AmpliVox. This policy addresses operations which can positively impact the environment.

AMPLIVOX PLEDGES TO
• Use “Forest Friendly” products. Our Lecterns and Podiums are produced using recovered and recycled post-industrial wood residues. This solid chain-of-custody wood fiber supply practices have helped AmpliVox to secure the Forest Stewardship Council (FSC) Mixed Sources accreditation (SW-COC-003089).
• Reduce the waste arising from electrical and electronic equipment and to improve the environmental performance of all items involved in the life cycle of these products. We comply with the WEEE Directive (2002/96/EC).
• Continually improve environmental management policies, programs and performance, based on the results of our periodic reviews and taking into account regularity developments, customer needs, technical developments, scientific understanding and community expectations.
• Reduce and eliminate waste through recycling and disposal of waste through safer and responsible methods.
• Promote employee awareness of environmental concerns, actions and responsibilities.

ALL AMPLIVOX PRODUCTS THAT ARE ECO-FRIENDLY ARE IDENTIFIED BY:

Made with Recycled Plastic

CUSTOMER SUPPORT
If you have questions regarding your order or any of our products, our customer service department is here to help you. Our business hours are Mon.-Fri. 8:30 a.m. - 5:00 p.m. (Central Time).

If you are unable to reach customer service during business hours you may Email Us through our Contact Us form, visit our Document Library for support documents or leave a voice mail for our support staff, and we will return your message promptly.

CAN I ORDER ONLINE?
All pricing on our website is Open Market Pricing. Most of our models are available on contract, but we currently do not sell contract items directly on www.ampli.com.

If you would prefer to purchase items on contract, here are a few suggestions:
• Shop AmpliVox Sound Systems on GSA Advantage www.GSAadvantage.gov
• See AmpliVox Sound Systems website for GSA contract items on GSA Advantage (www.ampli.com).
• Call one of our GSA Sales Representatives at 1-800-267-5486

FOB Destination –Free shipping & Handling within the Continental U.S.

DOES SHIPPING INCLUDE INSIDE DELIVERY?
Product will be delivered to your dock. If you require any inside deliveries, (if you do not have a delivery dock), we will be happy to provide a quote for these services.

We are registered with SAM (the System for Award Management) where all vendor information is available to Purchasing Agents.

We accept GSA SmartPay Credit Cards, Amex, Discover, Mastercard, Visa, Electronic Funds Transfers (EFT), and we are WAWF Enabled (Wide Area Workflow).
Denny was extremely accurate and responsive while handling our account . . . and possibly one of the best people I have worked with concerning customer service. Thank you for your consideration.
