

Power Horn Speaker

Delivers exceptional sound clarity & rugged, reliable performance—indoors and out

The AmpliVox S1270 Paging Horn is a 100-watt, highly intelligible, lightweight horn speaker designed for use in public address or paging applications. Ideal for schools, factories, office buildings, convention centers and sports venues.

- SUPERIOR SPEECH INTELLIGIBILITY** AmpliVox professional sound quality in a powerful 100 watt speaker.
- EASY, FLEXIBLE INSTALLATION** A positive lock, super-tough metal swivel base provides maximum mounting flexibility and ease of installation. Includes a generous 12-inch input connecting cable.
- HIGHLY DURABLE** Molded from high-impact ultraviolet-inhibiting acrylic-styrene-acrylonitrile (ASA).
- ENGINEERED TO PERFORM** The double re-entrant horn with compression driver employs a rugged 1.5" diameter voice coil and ceramic magnet structure for long life and reliability under extreme operating conditions. A nominal 60° horizontal by 40° vertical (horizontal mount) coverage pattern provides excellent articulation in demanding applications.

S1270

Adjustable in either horizontal or vertical planes with single locking pin (90° tilt, 360° rotation)

Connects to inhouse PA system with generous 12-inch input cable

**Backed by Amplivox
1 year warranty**
