The AmpliVox Gooseneck-tube Microphone is attractive and elegant, making it the ideal choice for boardrooms and conference rooms.

The easily flush mounted shockmount holder allows for steady and accurate microphone positioning.

**THIS MICROPHONE CAN NOT BE USED WITH ANY 48v PHANTOM POWER SUPPLIES.**

This microphone is designed to be used with AmpliVox Amplifiers.

### FEATURES:
- Contemporary Design
- Unidirectional pick-up pattern—reduces background noise
- Flex-tube Design—lets you adjust its angle and height to suit your needs without sagging.
- Includes slip-on Acoustic Foam Windscren for added protection against breath and wind noise.
- Smooth, tailored frequency response.
- Shock mount - requires 2 inch diameter cutout. Hardware included.
