My husband bought me a “Beltblaster Personal PA” to use in my agility dog training business. I LOVE IT! It has enough power to reach to the back corners of our arena while I am instructing and the audio is incredibly clear! We will be recommending it to all our friends.

I jump/ run/ skip with the unit on. I know I can teach continuously and not worry. I know I will enjoy using this and will be able to save my voice in the course of teaching. Thank You!
