(RTA)!**

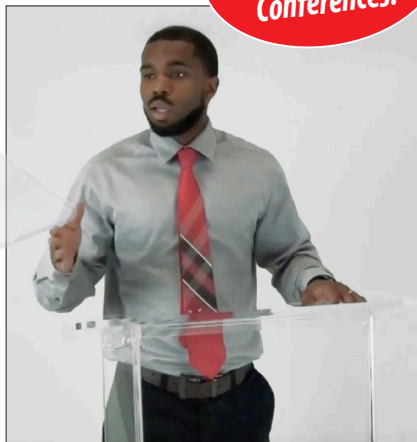

A Functional Lectern That's Easy to Transport and Assemble!

This Sleek, modern lectern has unmatched versatility - its easy to assemble in just minutes!

Need to move to another meeting room or location? Our compact, lightweight RTA Acrylic Lectern is safe and simple to disassemble, transport and reassemble with just a few screws!

**Great for
Trade Shows and
Conferences!**

- The SN3075 Series is a great looking contemporary clear acrylic lectern that will look good in any location and match any decor
- This lectern is lightweight and can be assembled by one person, using only a screwdriver - this makes it very portable and easy to transport from room to room or venue to venue
- Large reading surface measures 27" W x 16" D, and will accommodate larger reading material
- Comes with a convenient shelf to accommodate other presentation materials and water glass
- Four clear rubber feet that protect the floor & base from scratching
- Lectern ships flat in one carton which reduces shipping costs

**TRULY
Ready To Assemble,
this lectern assembles and
disassembles in minutes
with a screwdriver and
12 screws!**
