Communicate your message with ease with

Digital Signage Lecterns

- Ideal for digital messaging and signage applications - an excellent way to display your branding or informational graphics to your audience.
- Great for meetings, conference rooms, auditoriums, retail advertising, corporate messaging and any other public messaging needs.
- A modern and contemporary design with a thin 45mm depth and improved visual aesthetics allow for the smooth and stylish integration of these displays into two of our popular lectern styles.
- 43" screen with ultra-thin high-resolution full HD display for clear, large, bright images.
- Its thin bezel and super slim design perfectly complement today’s modern surroundings, while multiple display inputs support flexibility and freedom.
- A plug-and-play solution that is designed for fast and easy setup and use.
- Monitor can be easily controlled by a laptop.
- Connect to your house system and control the monitor through your own system.
